A huge thank you from the Divas.

The Divas want to take this opportunity to thank you for your generous support given in the past and bring you up to date with the current team.

Last season, when the Diva's learned the 2003 Battle of the Ski Schools International competition in Vail had been cancelled, the team lobbied for the Aspen Ski Company to hold the event. Aspen Ski Company was most accommodating. April 7th - 8th 2003, Aspen Mountain hosted the Aspen Synchro Championships on North American. Spectators were given one fantastic show including sounds from DJ Gustavo Alder from Argentina. Spectators and competitors alike enjoyed the music and ski entertainment on a bluebird day from the deck of Bonnies Restaurant, directly at the base of the competition hill.

Team Diva has enjoyed several years of competing with four Championship wins and numerous second place finishes in the women's category. It is our hope to keep this type of event alive and provide a venue for both North American and international teams to gather and compete. We now announce the second Aspen Synchro Championships April 5-7, 2004.

Please enjoy our 2003 DVD as an expression of gratitude and we welcome you to be a spectator at this year's event.

Yours sincerely,
